DNA on A Rug

Our DNA rugs are one of our new range of products, as a result of a collaboration with custom rug company Rug-Maker.com (<http://www.rug-maker.com/>). They are each handmade in Nepal from 100% wool and silk in Fine 100 knot quality. We have over 350 colours to choose from and each rug features approx. 5 colours on average. You can find details of these colours on the Rug-Maker website here: <http://explorug.com/explorug.com/Default.aspx>. Sample poms are available to help you decide on the final colour scheme for your rug.
